## NOTHING EXCLUSIVE FOR INTERURBAN CO.

### Brutinel Finds Opposition When He Asks for Ratification of Agreement With St. Albert for Light.

When Raymond Brutinel came to the legislature and asked them to pass a bill granting him an exclusive 30-year franchise to supply light to the town of St. Albert, he was met with a cold reception. He was not even allowed to make a statement in support of his proposition. He was told that the committee would not consider his proposition until after the next session. He was then told that the committee would not consider his proposition until after the next session.

There are no more strenuous fighters of the exclusive franchise principle in the legislature than Malcolm McKenzie, George R. Smith, Louis Roberts, J. A. McDougall, and some others, and Mr. Brutinel was evidently not calculating upon the assistance of these members to exclusive franchise bills, when he asked Mr. Brutinel the members for St. Albert to introduce the bill.

At any rate, the legislature, if the previous bills, committee have agreed to do with it, will not grant any 30-year exclusive franchise to Raymond Brutinel. This is the result of the fierce opposition that arose in the committee this morning, when he came up for consideration. As a result of the meeting, the committee will recommend to the legislature that the 30-year term be cut down to 10, that the exclusive clause be cut out, and that the agreement between the town and the company be submitted to the ratepayers of the town to decide whether they will accept a 10-year term, or a 20-year term, or a 30-year term.

Mr. Brutinel will not likely accept the amended agreement, as was hinted by his representative at the legislature this morning. He is a man who is not likely to accept the amended agreement, as was hinted by his representative at the legislature this morning. He is a man who is not likely to accept the amended agreement, as was hinted by his representative at the legislature this morning.

John McDougall was also in favor of having the exclusive clause struck out altogether. He is a man who is not likely to accept the amended agreement, as was hinted by his representative at the legislature this morning. He is a man who is not likely to accept the amended agreement, as was hinted by his representative at the legislature this morning.

The bill is to ratify an agreement made between the company and the town, which provides for a 30-year exclusive right to enter upon the streets, lanes and highways of the town, for the purpose of erecting equipment to supply light.

The rates provided to be charged for the use of street lamps at \$750 per year for 10 lamps, and the rates for householders ranging from 18 cents per k.w. for less than 20 k.w. per month, 15 cents for from 20 to 300 k.w. per month, 20 cents for over 300 k.w. per month, or over are used per month.

**EVANS AGAIN MAYOR**  
Winnipeg, Dec. 12.—Sanford Evans is again mayor of Winnipeg. He buried E. D. Martin, the party candidate, who ran on a ticket of social reform, under a majority of something close to 1000. The old board control is re-elected in its entirety.

**NO EXTENSIONS FOR STREET RY. IN 1911**  
In annual report superintendent shows what lines are dead and loss lines suggested to improve service on several lines.

That aside from double tracking certain parts of the system in order to give a better service, there should be no extensions to the street railway system next year, is the chief recommendation made by the street railway superintendent in his annual report to the city commission.

### CLAY PIPE HIS FRIEND

James Gallagher Dies at Age of 105—Smoked All His Life, Never Drank.

Ebensburg, Pa., Dec. 6.—James Gallagher, who died here yesterday, was 105 years old. He never touched liquor and a clay pipe was his constant companion. Death was due to a stroke of apoplexy. He had never been sick before.

### TO TELL THE HOUSE COUNCIL'S VIEWS

Mayor, City Solicitor and Several Aldermen Saw the Municipal Committee

Legislature Will Discuss Tenant's Franchise Amendment to City Charter Today

The amended tenant's franchise clause as passed by the city council, and which will provide for a residence qualification of 8 months, in place of the one month proposed by the original clause, is to be considered in committee of the whole today.

Mayor Lee, solicitor Brown, Aldermen Lyndon, Mault, Miller, McKinley, were all at the legislative hall this morning and expressed their views on the matter, and presented their proposed amended clause to the municipal committee. The committee will report on the matter to the legislature today.

**HEAVY FIGHTING IN FRENCH CONGO**  
European Force Decimated When They Were Attacked by Thousands of Tribesmen

Paris, Dec. 13.—Thirty-five French soldiers were killed and 100 wounded in a terrific battle between 3000 tribesmen and an army of 5000 tribesmen in the Soudan of French Congo.

**BOYS SCOUT MOVEMENT.**  
The provincial council of the Scout movement has been formed in order to further the movement in the province.

**BE LONG TALK ON 1911 ESTIMATES**  
Bennett Announces He Has Many Objections to Make—Others Desire Information

That there is likely to be a lengthy controversy over the 1911 estimates on questions of principle and policy, as well as on questions of detail, was made manifest today in the legislature last night, when the house was passing in committee the 1911 estimates, and R. B. Bennett made the statement that he would take serious objection to many items under the various heads when the 1911 estimates came up.

There was little discussion on the 1911 estimates last night, as these estimates cover amounts which have already been spent under warrants. But the 1911 estimates will come up today, and there promises to be a long fight.

Bennett will discuss the entire principle of civil service, and will also discuss the estimates, and has already made the charge that some of the members of the civil service are political hacks.

## CARNEGIE LIBRARY GUARANTEE PASSED

The city council at the regular meeting last evening, acting upon the recommendation of C. Ross Palmer, secretary of the library board, decided to make a grant of \$750 towards the maintenance of a Carnegie library in this city.

The library board has taken up the matter with the Carnegie committee, but it was impossible to secure any idea of the grant which may be forthcoming from Mr. Carnegie until such as to what it was prepared to donate annually for the maintenance of the building. It is thought, however, that with an annual appropriation of \$750 for this purpose a grant of at least \$2500 may be received.

Mayor Lee will advise the Carnegie committee of the city's decision.

## THE DEACONS ARE BEST OF AMATEURS

Barford and McGannon Satisfied the A.A.U. Governors This Morning

No Chance For McLeod

McKenney Did Not Apply for Re-Instatement—Kent Is in Good Standing

The Board of Governors of the Alberta Amateur Athletic Union met at the Y. M. C. A. this morning to consider the cases of Messrs. G. Barford, W. H. Taylor, and A. McGannon of the Deacons Hockey team, Fred McKenzie of the Bankers, S. McLeod of the Flu, and Kent of Strathcona.

After hearing each player's story of the flu, the board decided that the flu was not a valid excuse for the players' failure to appear for their teams.

McKenney and McLeod who admitted taking money for legitimate expenses, were found to be ineligible for reinstatement to amateur ranks.

Kent of Strathcona, who was up on the carpet to explain why the A.A.U. suspended him last year, furnished satisfactory explanations and his standing was found to be all right.

The governors also decided that in future any amateurs who play with or against professionals when a gate is taken shall not be allowed to apply for reinstatement until 15 months after the offence has taken place.

Messrs. W. A. Moore and Prof. W. Edwards were appointed to represent Alberta on the board of the A.A.U. of Canada.

The governors present at the meeting this morning were: Messrs. Buchanan, Leithridge, J. W. Ward, Edmondson, G. Ballentyne, Calgary; A. Walker, Port Saskatchewan, Prof. Edwards, Strathcona.

**BE LONG TALK ON 1911 ESTIMATES**  
Bennett Announces He Has Many Objections to Make—Others Desire Information

## \$10,000,000 FOR PEACE

Carnegie Establishes Fund To Abolish All War on Earth

Washington, Dec. 14.—For the abolition of war between all nations, Andrew Carnegie today transferred to a board of trustees comprising men of international reputation, ten million dollars in five per cent. first mortgage bonds. Announcement was immediately made of the establishment of the Carnegie peace fund.

## HAVE BOBBIES ON THE STRING

New Telephone Signal System Keeps Headquarters in Touch With All Policemen

HAVE LIGHTS AND BELLS

Call Policemen On His Beat in Easiest Way Imaginable—Saves Time

The police telephone system, which has been installed by the city at a cost of approximately \$5000, was placed in operation for the first time last evening and although it is not working perfectly it will only be a question of a few days until the necessary adjustments are made and the system in good working order.

The new system, the first of its kind in Western Canada, is very complete. The patrolman on the beat can call for the police or telephone to the sergeant on duty simply by opening the box on his beat and taking down a receiver. When a call is sent to the registers at the central office the post, month, day, hour and minute are recorded. The system is so simple that even a child could use it.

**MAY BE CHARGES FOR OFFICIALS**  
(AS RESULT OF TERRIBLE TRAGEDY IN SOUTH OF PROVINCE)

## Of Ill-Starred Bellevue Mine

Miners Have Engaged Lawyer and Verbatim Record of Evidence Given at Inquest Next Monday Will be Taken—Attorney-General's Department Will be Represented at Enquiry.

The following are the telegrams which passed between Burke of the mine workers union, and Sterling, the mine inspector at Edmonton, in which Sterling declined to make an inspection of the mine after the disaster, and appointed the local inspector, Heathcote, in whom the miners expressed want of confidence, to make the inspection.

The report of Heathcote, dated December 7th, showing the mine to be free of gas, is also reproduced.

Dec. 2, Burke to Sterling.—Desiring the presence of the inspector immediately.

Dec. 3, Sterling to Burke.—For what reason the inspector required at Bellevue? Mine immediately.

## MR. DOUGLAS MUCH IMPROVED TODAY

(Special to the Capital)

Ottawa, Dec. 14.—Mr. J. M. Douglas, M.P. for Strathcona, who has been very low with pneumonia for the past twenty-four hours, is reported by his doctors to be slightly improved this morning. His temperature dropped several degrees during the night.

## WOOLF WILL NOT RESIGN HIS SEAT

Denies Report That He Would Leave Legislature at End of Session

"There is nothing in the report that I am going to resign my seat," said J. W. Woolf, who returned to the city this morning from the south.

"I have large interests in Nevada that require my presence there a great deal, but I have been able to give much of my time to my work in the legislature as a representative of the Cardston district. I do not intend to resign my seat at the end of the session, unless something unforeseen happens."

I expressed my willingness some time ago to the Liberal party to resign if they thought that my interest in Nevada took me away too much from the legislature. I was able to give all the attention required of the interests of my constituency in the house. You may say that there is no truth in the report that my resignation is at hand.

**TWO BOYS HAD EACH OTHER AS A TARGET**  
Shooting Close as Could, One Lad Horrified to See Companion Drop Dead

Indianapolis, Ind., Dec. 13.—In a shooting match in which two boys, aged each other as carbets, Albert Perin, 15 years old, was killed by his playmate, Jesse Osborn, 16 years old, last night.

Osborn said he and Perin were playfully shooting as close to each other as they could with rifles, when after dark and the boys were horrified to see the companion drop dead with a bullet hole in his forehead. Osborn was arrested charged with manslaughter.

**TO BE FREE FROM GAS**  
Demanded Previous Inspection.

Several days before the disaster, the miners were killed, the miners, dissatisfied with the work of local inspector Heathcote, wired to prominent attorney Sterling at Edmonton, asking him to come down to the mines and make an inspection. Sterling replied that he did not think this was necessary, as there was a local inspector on the ground. The provincial inspector did not go to Bellevue, until the disaster had occurred.

A court stenographer at the request of the miners will be present at the inquest to take the evidence in detail. In case prosecutions are brought, the attorney-general's department has agreed to take the evidence in shorthand.

**Tells of Disaster.**  
Fresh from the horrors of the disaster, an Edmonton man who reached the city last night, and who left the mines a brief hour and half before the disaster occurred, told the Capital last evening something of the tragedy which scenes at the mouth of the mine.

I had been in the coal mine sections on some business and the Edmonton man, who was killed in the disaster, was stopped at Bellevue on my way back. I visited the mines of the Canada River, and came with some union officials, at about 4 o'clock in the afternoon. We went through the mine, and I saw the disaster. I noticed gas in some of the shafts. We got out of the mines about 3:30 and at 6 o'clock we took the train for Michel.

## BURGULARS LOOT STORE; STEAL CASH AND GOODS

(CALEDONIAN STORES ON NAMAYO ENTERED)

Two Hundred Dollars in Cash and Three Hundred Dollars in Goods Stolen

They Tried on Suits BEFORE TAKING THEM

The staff was working until ten-thirty last evening, preparing for the Christmas rush and everything was locked up securely. When the caretaker arrived at 7:30 this morning he found everything in the store in a state of chaos. Bins, shoes and merchandise had been torn from the shelves and scattered over the floor of the different departments, the scene indicating that even in their haste the thieves had time to try on the garments which they intended to take in order to be sure that there would be no mistake made in securing articles of a proper fit.

In addition to the merchandise a bottle containing \$200 in silver and gold coins, was removed from the window. This money has been on display for the past week, it being added as a prize to the person who could guess the closest to the amount of money contained in the bottle.

Speaking to a Capital representative this morning Mr. Livingston stated that there was every indication that the thieves were familiar with the store. They had taken some instrument, probably a crowbar, and forced the back door which was locked with a bar. From the class and quality of the goods pawed over by the midnight marauders, Mr. Livingston was also prone to believe that they had driven up in a wagon to the door, forced an entrance and then used their vehicle to cart away the goods which they could not otherwise have removed.

A city detective visited the scene of the robbery this morning and gathered the evidence which is probable the mystery will be cleared up within a few days.

**Tuesday's Results.**  
London, Dec. 13 (C.A.P.)—Following are results of Tuesday's elections: Lanarkshire—Govan, Hunter, Lib., 7480; Dalrymple, Union, 6200, unchanged. Lanarkshire—Glasgow, Leith, Ralston, Lib., 6790; Oversay, Union, 5507, unchanged.

Lanarkshire—Patrick R. Balfour, Lib., 10,915; Macdonald, Union, 10,100, unchanged. Lanarkshire—Harrow, Lib., 3870; Low, Union, 2155, unchanged. Lanarkshire—Northwest—R. M. Balfour, Lib., 11,515; Pringle, Union, 1280, unchanged.

## WYATT LEE, FREAK ONE, LEFT-HANDER WHO CAME BACK

(By J. Ed. Grillo).

Once a pitcher loses the use of his pitching arm, that ability to put speed and accuracy behind the ball, his career on the diamond is usually at an end unless he is capable of filling some other position, which is frequent in the case.

Instances where left-handed pitchers have lost their arms and come back are as hard to find as needles in haystacks. Thus because it has been shown left handers go back it is being argued that their using the arm near the front has a lessening effect.

There is one instance, however, which will go down in baseball history as most remarkable. It is the wonder and record made by Wyatt Lee, a Washington boy, and once a star pitcher on the Washington team, with the Newark team of the Eastern league last season.

Wyatt Lee's experience proves that pitchers can come back. Seven years ago Lee was discarded by the Pittsburgh club because his arm was "gone." He had been sold to the Washingtons, for which team he had been a star for two seasons, but that spring he could not raise his arm any more working out at Hot Springs, and he drifted into the minor leagues as an outfielder and first baseman, playing first at Toledo and then in the Tri-State League. Occasionally Lee would come back to pitch, but he was only used after a game was lost, and he did not give the slightest indication that the future hold pitching hopes in store for him.

Several years ago Lee broke into the Eastern League as an outfielder with Toronto. He pitched occasionally, but was not a success. He had lost confidence in his arm ever coming back. Last spring he again reported to Toronto after a gruelling course of training, which he underwent in the local Y.M.C.A. gymnasium, entering the winter. He was in perfect physical condition, but for some unaccountable reason Joe Kelley, the manager of the

team, decided that he could not use Lee. Strange enough Hughes Jennings of the Tigers was willing to take a chance with him, but before Jennings could close a deal Lee signed with Newark. Joe Kelley had innumerable occasions to regret letting Lee go, for one of his pitching feats during the season was to defeat Toronto eight of the nine games he pitched against it. In all Lee won seven games, lost six, and had a notable record for a pitcher who seven years ago was all in.

But when Lee was in Jimmy Olaning's team in Kansas City in 1920 he was but eighteen years old. He came to Kansas City with Manning in 1901, and played the following season, being a successful pitcher together with Case Patten. Lee was a better pitcher last year than he ever was before in his career, and the wonder is that some major league did not pick him up last year, though he had come back as a problem. Lee attributes it to the fact that he got himself into a good physical shape during the winter.

"I worked every day in the gymnasium," Lee said, "and used hot and cold water on my arm. I knew the first ball I pitched last year that it had come back. It felt different than it had years ago, and when I finally got to pitching I had just as much speed as ever, and to my surprise a good catcher both some time I never had when I was a success as a major leaguer. But I don't suppose that any league club would take a chance with me. The fact that I pitched in Kansas City in 1920 has done much for me, and I am now but twenty-one years old."

Among some of the pitching feats Lee accomplished during the past season was the pitching of a doubleheader against Rochester, winning the first game, 1-0, and losing the second by the same score. But as these were made off Lee in the two games.

## TAIL ENDERS BEAT DORMATS

Bowlers With the Modest Cognomen Took Two From Residents

In the Y.M.C.A. Bowling League, the Tailenders have righted scales in three from the winners, rolling 169, 187 and 146 for a total of 302. Brocklehead the Dormats will get.

The scores were:  
Dormats.....108 87 108 303  
Cullen.....125 129 121 375  
Anderson.....143 121 124 395  
Brocklehead.....132 133 133 398

Tailenders.....568 470 501 1539  
McDonald.....158 147 140 445  
Woolman.....118 129 103 350

## THE ATHLETIC WORLD.

The Athletic World by its December number more strongly than ever establishes its position as the best athletes and sports magazine in Canada. Its exhaustive treatment of the whole national and world aspects and occurrences in the realm of outdoor and indoor sports fills a long felt want. The illustrations are many and excellent, depicting the happenings in universal athletics, especially presenting to Canadians everything of sporting moment in the Dominion, giving a complete review of the past month's seasons sports. It is a national monthly of world scope for Canadian followers of athletic sports.

## REFUNDED THE MONEY

Monte Attell and O'Connell Mixed Up in Shady Bout  
Oklahoma City, Okla., Dec. 14.—A scheduled ten-round bout between Monte Attell and Jeff O'Connell, was stopped by the promoters at the end of the fifth round last night and entrance money refunded. The promoters refused to pay either fighter. Attell was to have received 30 per cent of the gross receipts. The fight was tame from start to finish. Attell getting a shade the better of it. Hissing started in the first round and throughout the fight, the spectators could not be entered. Twice during the course of the fight Promoter Tom Ellis requested the referee to make the two men fight or get out of the ring.

DAN MCGANN IS DEAD.  
Louisville, Ky., Dec. 14.—Dan McGann, former champion, and first baseman of the New York Nationals, committed suicide yesterday. No cause for his suicide has been ascertained.

## COLLEGE MEN WITH MAJORS

Astonishing Number of Men in Big Leagues Are Rah, Rabs

National League

8. Morris Co.—Devitt.  
9. Morris Co.—Devitt.  
10. Morris Co.—Devitt.

Final score—Morris, 8, Griffin, 3.

## SOMMERVILLE WON SECOND

The second game was a fine exhibition of hockey, and though both teams showed a disposition to shove the puck about in their own half, they were evenly matched, and the spectators keenly enjoyed the close contest provided by the two best teams. At half time the score was 3-1 in favor of Somerville's. Hudson's Bay got the first goal when Hudson's Bay's evening up about ten minutes later, Chinnick scoring on an individual rush. He broke the interval, Graben put the first street score ahead.

The second half had a very distinct hue of purple and white. Hudson's Bay defense began to sky-rocket and Somerville took advantage of the opportunity to slide in for the goal. As in the first game, the losers inflicted strong, Hudson's Bay getting the last goal.

Chinnick, Graben, Chinnick and Wismer were perhaps the best for Somerville's, while C. Chinnick, Helmer and McClelland were in the line for Hudson's Bay.

Riddle Bolander showed he was there as a referee, catching the offside and the occasional flashes of rough work with great impartiality.

The ice was in good shape, despite the mild evening and if the attendance keeps up to last night's mark it will be necessary for the rink management to provide more accommodation for the spectators.

Curling—Alberta Lumber Competition at Capital City and Granite rinks.

## DEFEATS FOR ATHLETICS

Philadelphia Athletics, champions of the world, are not having a very successful visit in Cuba. They have played two games, meeting first at the hands of the Detroit Tigers and the Havana Club.

Highest grade of sparkling cut glass Ash Bros.

## MERC. LEAGUE IS OPENED

Morris Beat the Griffin Co. While Somerville Won From Hudson's Bay

The Mercantile League had a most auspicious opening last night at the Central Rink, McDougall Ave. The nine mild evening cooled out a large crowd of spectators and the positions of all four clubs were clearly in evidence. The ladies were mostly in evidence. Hudson's Bay Co. seemed to be the favorites among the fair sex.

Though the scores were uneven, there was not very much to choose between the teams, and the Cup race is a very open one yet. A few weeks' games will work a world of difference in the teams.

In the first game, the J. H. Morris Co. took the measure of the Griffin Co. through continued play, rather than the very much in favor of Morris Co., the score being 6 to 1. Though continued play, rather than the very much in favor of Morris Co., the score being 6 to 1.

The second half was much better hockey, Griffin's showing more disposition to shove in on goal. Morris got the first two goals in this half, but the boys from the plant never gave up hope and came right back with the last goal in the third minute. The last goal was scored by Morris Co., the score being 6 to 1.

Cashin, Tait and Maloney were the stars for Griffin. Tait, Maloney, Morris, Devitt and Bolander did the best work for the winners. Both goalkeepers had rather a easy time, as the shooting on the whole was erratic. Seely McClelland handled the ball and Tait a success.

The teams were:  
Morris Co. (3) Griffin Co. (3)

## OUR LETTER FROM OTTAWA

Eastern Writers Claim Lacrosse Is in Danger of Total Extinction

(Special to Capital.)

Ottawa, Dec. 14.—A serious effort is being made to again introduce amateur lacrosse, while a great many clubs are advocated to save the great summer sport from extinction, a late which appears to be in wait for the fourth year. The three teams so finish kept in the same positions from the fifth mile to the finish, the American team winning by two laps, with the French-Swedish team second and the Finnish team, William Kiehlmann and Karl Niemi, third, four laps behind the winner.

Of the five teams at starting, but three finished. Fred Meadows and Wood carrying Canadian colors, retired during the second mile, and Alfred Shrub and A. B. Wood, representing England, led the crack of the four teams. The three teams so finish kept in the same positions from the fifth mile to the finish, the American team winning by two laps, with the French-Swedish team second and the Finnish team, William Kiehlmann and Karl Niemi, third, four laps behind the winner.

On Granite Ice.

The following are the draws for tonight and Thursday night:

G. D. Hunt vs. Chas. May.  
G. P. Dobson vs. W. B. MacCauley.  
R. B. McCreish vs. J. A. Stovel.  
E. H. Garrison vs. J. A. Stovel.  
G. A. Verner vs. F. E. Goodie.  
D. Robertson vs. J. B. MacCauley.  
Geo. Clark vs. T. H. Lancaster.  
R. B. McCreish vs. J. A. Stovel.  
G. M. Freeze vs. R. T. Ogler.

At Capital City rink—

Wednesday, Dec. 14.  
Bell vs. Archibald.  
Shenks vs. Thom.  
Parball vs. Gillespie.  
Thursday.  
McGeorge vs. Kinnaird.  
McLeod vs. MacDonald.  
Carmichael vs. McGrath.  
McGowan vs. Darling.  
Draw for Friday.  
Smale vs. Lyons.  
Thompson vs. Swailand.  
K. B. MacCauley vs. Simpson.  
Martin vs. John MacKenzie.  
Fraser vs. Drew for Saturday.  
Gillespie vs. Richardson.  
Edwards vs. McLeod.  
Carmichael vs. Morris.

For the first indoor season record, Canadian athletes are performing very creditably. Two years ago, the idea of Canadian athletes clubs conducting successfully, indoor meets, would have been scoffed at, but Jack Tait's great winter on the boards in American cities, coupled with the continued successes of the Canuck track field men during the past summer, has given a grand stimulus to the sport, and bigger indoor tracks, which would enable the holding of indoor meets is all that is necessary to bring about the international indoor meets, also the first indoor Canadian track meet and the championship.

Baseball will flourish by reason of the formation of an Eastern Canada league which test in bowling, are being picked up wonderfully, the coming Montreal tourney giving the sport a boost which will help the American style of bowling has also helped to increase the enthusiasm.

YANKS' NEW PARK

President Farrell of New York American League baseball club returns from Hot Springs, Va., in about two weeks, he will award the contracts for building the club's new \$500,000 stadium.

It originally was Farrell's idea to build the new park in time to begin next season's campaign in April, but there has been delay and July 4 probably has been fixed for the opening. The new arena, when completed, will have a larger playing surface than any other in the United States and will seat more than 20,000 spectators.

The structure, including stands, offices and railroad terminals, will be of steel and concrete, absolutely fireproof. The grand stand will be three decked semi-circular.

## YANKS WON THE MARATHON AT N.Y.

Hans Holmer and Quael Were Winners—Canadians Dropped Out

New York, Dec. 14.—The American team, Hans Holmer and William Quael, won the international marathon race over the full marathon course at Madison Square garden last night. Their time was 2:02:16 2-5.

Henry St. Yves and John Svobong, the French-Swedish team, were second and William Kiehlmann and Karl Niemi, the Finnish team, were third.

The American team took the lead in the first lap and was never headed thereafter.

Of the five teams at starting, but three finished. Fred Meadows and Wood carrying Canadian colors, retired during the second mile, and Alfred Shrub and A. B. Wood, representing England, led the crack of the four teams. The three teams so finish kept in the same positions from the fifth mile to the finish, the American team winning by two laps, with the French-Swedish team second and the Finnish team, William Kiehlmann and Karl Niemi, third, four laps behind the winner.

## WITH THE CURLERS.

## Suffered for Years From Constipation and Sick Headache.

Headache seems habitual with many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief. The most frequent of all ailments, sick headaches, and are caused by some derangement of the stomach or bowels, or both.

Dunkel Blood Bitters regulates the digestive and biliary organs, removes acidity of the stomach, improves digestion, regulates the constipated bowels, and promotes a perfect circulation of pure blood to all portions of the body.

Mrs. C. Macdonald, Clarkson, Ont., writes: "For years I was troubled with sick headache and dizziness, and was also constipated. I was advised to try Dunkel Blood Bitters. I only took two bottles of the medicine, and I feel like a new person as I am completely cured. I can truthfully testify that B.B.B. is the best medicine I have ever used."

Dunkel Blood Bitters, has, during the last 25 years, built up a reputation as a cure for all troubles arising from a constipated condition of the bowels.

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

CALGARY—Alberta Hotel.  
STRATHCONA—Strathcona Investment Co.

### NOT THE OUTCOME EXPECTED

And now comes the intimation from Premier Sifton that the Waterways money will not be available after all.

In the bill introduced in the legislature to raise \$7,400,000 on the credit of the revenues of the province, the premier tacitly admits that he does not expect to recover the money from the banks without a fight and that he will therefore have to raise the amount in some other way in order to fulfil his budget already introduced.

It needs no arithmetician to figure out what this means to Edmonton and Alberta.

Summarized in as few words as possible, it means that Edmonton does not get the railway and the province does not get the use of the money.

In the meantime the premier has no alternative railway proposition to offer Edmonton.

This, surely, is not the outcome the people of Edmonton were entitled to expect when Premier Sifton stepped into office to allay the friction that existed within the party.

### AMALGAMATION PROCEEDINGS SHOULD COMMENCE NOW

By an overwhelming majority in every ward Strathcona has declared in favor of Sunday street cars, a conclusion which Edmonton much desired, and by the election of the Davies ticket, the burgesses on the south side of the river have practically declared for the amalgamation of the two towns. In every other respect, the electors of Strathcona at the civic election declared for the progressive policy.

This much having been accomplished by the people of Strathcona, it is now up to the Edmonton city council to submit a tangible proposition looking to amalgamation. There will, of course, have to be terms and these will take some time to arrange. As the actual amalgamation cannot take place until the high level bridge is completed, when the two cities can really become one in fact as well as in law, the councils of both cities have a full year before them in which to go into the matter, and it is altogether probable that it will not be until the civic elections of next year that a specific proposition will come before the ratepayers of the two towns for ratification, but in the meantime, there should be no delay in getting the matter before the two councils and the burgesses of the two towns, so that everything can be threshed out during the summer months, and nothing left indefinite or undecided until the last minute.

In this, as in all other things, the simplest way to secure harmony is to start right.

### O'BRIEN'S BILL WORTHY OF A BETTER FATE

The two bills introduced in the legislature by Chas. M. O'Brien, the Socialist member for the Rocky Mountain riding, are worthy of a better fate than to expire in committee.

One bill calls for a fortnightly pay day and the other asks better protection for the miners in the coal fields.

On the first bill it is difficult to see where there can be any reasonable objection. Where the companies pay once a month under any circumstances it seems only a matter of book-keeping to make two pays in the month, and if by doing this mining companies will satisfy the miners on that point one would naturally suppose that the companies would be first to make the move, as a satisfied gang is one of the best assets of any company employing labor largely.

On the second bill, the necessity for better protection has just been demonstrated in a ghastly and heart-rending accident in the very district which the Socialist member represents.

Failure to consider either or both of these bills would leave the legislature open to the imputation that the bills were thrown out because they were introduced by a Marxian Socialist, an imputation which would be highly discreditable to the government and the private members of the house. No matter what O'Brien's politics are nor whom he represents, his bills are entitled to just exactly the consideration which their necessity justifies.

### PHYSICAL VALUATION OF THE RAILWAYS

One of the greatest forward moves in the United States in many years, although it is not attracting much attention, is contained in an appropriation now before Congress which provides funds for the railway commission to undertake the physical valuation of all the railways in United States.

For reasons that scarcely need to be explained, the railway corporations are fighting this to the last ditch. A valuation of the actual, tangible assets of the railways, subtracted from the stock market valuation of the securities issued against these assets, would give the franchise value of the road, and would thereby show how much the people of United States have given the railways in the way of special privilege.

All the watered stock that has ever been issued by the railway monopolies of the American continent, both in Canada and United States, has been issued against franchise, which has not cost the companies a cent. Once the people get to know the real value of the franchises they are giving away, the finish of the franchise monger is in plain sight.

### JUST PARAGRAPHS

In Toronto they call the pay-as-you-enter car the P-A-Y-E car—which is not so bad, considering that it came out of Toronto.

Jim Cornwall says it is not jails and court houses they want up north, but railways. The member for Peace River is sound in his premises. The only country where they build the jails ahead of the railways is Russia—and Alberta is not supposed to have reached that stage—at least, not quite.

While Commissioner Donilon is putting these colored lights on the cars for night use he might put a few signs on for the daytime. To have to flag a trolley to find out its destination is embarrassing.

Just a suggestion for Christmas. If you are going to light the tree with candles, see that the insurance is a copper-fastened cinch.

In one respect George S. Armstrong is lucky. He will have only two apprentices to break in—and neither of them are tenderfeet.

And all manner of silver and plated ware, Glass and China Cords, Cutlery, stand and hanging lamps, etc.  
(Basement—Take Elevator)

## A & G. W. BILLS MET WITH CRITICISM

Bennett Declares One to Meet Claims Shows Confusion Been Done

## USE SCHOOL LANDS FUND

R. B. Says Dominion Might Buy In Great Waterway's Bonds With Trust Money

Premier Sifton's bill to provide for the investigation of claims arising from the cancellation of the Waterways contract, and the appropriation of the bond money by the bill passed the house to third reading yesterday.

The bill created some discussion on the motion for second reading. R. B. Bennett said that by the introduction of this bill, the government practically recognized that they had done injury by the passage of the former bill the other day, that they recognized that there would be claims arising from the passage of such legislation. He said further that by the passing of this bill the legislature were constituting themselves a tribunal of last appeal in the matter of claims in connection with the Great Waterways.

Dr. Rutherford said that if an alternative railway proposition had been brought forward by the government there would have been no need of all this waste of material, nor any need for any claims. The ties taken out by the contractors could have been used.

Branley-Moore said that if the other bill had been legal why was there any need of this bill? This bill looked to him as if the government were going deeper into the hole.

What the government going to do to settle the loss that the whole north country had suffered through the cancellation of this railway? This was the pertinent question asked by Cornwall. The country had to be considered, the government should think of the homesteaders that had gone into the north country on the strength of the contract, the government had with the company to build a railway there. This was a loss that could not be estimated in figures. The north had been foolishly dealt with. O'Brien asked the government if they were going to take any action to eration the claims of the homesteaders who had gone in on the strength of the railway. "Certainly!" said the premier.

Following the introduction of the claims bill, Premier Sifton, in a speech, said that there might be litigation with the banks in connection with the handling over of the money, introduced a bill in which he provides for the raising of \$7,000,000 on the credit of the province, which will provide sufficient money to cover the estimates in which the A. & G. W. money is appropriated, in case the banks refuse to hand over the money without litigation.

The bill provides for fifty year bonds at four per cent. Bennett made the suggestion that it might be well to have the Dominion government buy in the Waterway bonds on the London market, with some of the school lands money which they hold in trust for the province. The premier expressed his appreciation of the suggestion.

## HAIL INSURANCE RATES ARE RAISED

Legislature Says 'Tis Losing Proposition—\$300,000 Deficit Last Year

Amendments to the hail insurance ordinance of the province which contemplate the curtailment of the losses which have been experienced under this system in the last year or so, by curtailing the amount of indemnity paid, and increasing the amount of premium, were introduced by Premier Sifton yesterday afternoon in the legislature.

The bill provides for a flat rate of premium of 25 cents an acre, with a flat rate of indemnity at \$4 per acre. At present the indemnity is \$6 per acre with premiums at the rate of 20 cents, 30 cents and 40 cents per acre respectively. The present premiums and indemnities were created under the amendments to the ordinance brought in by the old administration in 1909.

A loss of over \$200,000 was incurred under the hail insurance during the 1909 year, and it is with a view of curtailing this loss as much as possible and with a view to experimenting with new rates to see whether the insurance cannot be put on a practicable basis that the amendment are being introduced.

The amendments were through committee of the whole yesterday and are down for a third reading. Premier Sifton made a short speech on moving the second reading of the amendments, and was followed by ex-Premier Rutherford, who said that the amendments were a very heavy burden on the province.

R. B. Bennett said the experience of the province in the hail insurance business only went to prove that his opinion a well regulated private enterprise was much more to be desired than public ownership. He suggested that the premium rate suggested of 25c. on \$4 was altogether too high.

## BAY OF BISCAY IS LASHED TO FURY

Coast Lined With Wreckage, Showing Serious Disasters Have Taken Place

Madrid, Dec. 13.—A score or more have perished in a gale that is lashing the bay of Biscay, off northern Spain, according to reports from Bilbao and Santander to-day. Half a dozen fishing vessels have been lost, and the coast patrols have found wreckage indicating that more serious disasters have taken place. The wind blew at a velocity of almost a hundred miles an hour.

## Monster

## Auction Sale

## Buying by Faith as Well as by Sight

W HATSOEVER automobile you eventually buy—so a great extent you buy it by faith in the men who make it. You can see the style. You can see the finish. You can feel the comfort. You can detect its noise or the silence of its running. But what of the quality underlying it all—the quality of steel in the gears—the accuracy of alignment—the perfection of fitted parts? Here is what we claim:

That nowhere in the world is a better car made than the Russell. That nowhere is there better material or greater skill employed. That nowhere is there another car so perfectly designed for service in Canada.

That not in Canada is there another organization to compare with the far-reaching Russell organization for taking care of its cars wherever they go.

## Russell "30" \$2510 SPECIALLY EQUIPPED

## LOCAL OPTION NOT FAVORITE IN SASK.

Only One Fifth of Licenses Involved Were Taken Away by Monday's Vote

Regina, Dec. 13.—While the figures have still to come in from a few rural districts, the returns from Monday's local option elections, now tabulated, show that the local option forces were generally defeated throughout the province. Altogether 139 licenses were involved by the by-laws voted upon and of these only 27, or less than one-fifth, have been cut off.

The following results were read to-day:

Went wet—Dulyn, majority 10; Bladworth and Kenaston, majority 30; Macoun, Middle and Halbrite, majority 31; Morlach, majority 35; Mc-

Lean majority 126; Maymont, majority 90; Perdue and Kinley, majority 150; Tisdale, majority 10; Kinsinto, majority 60; Gainshoro and Carrievale, majority 50; Biesfall, North Portal, Rodie Perce and Proshier, majority 18; Guernsey, majority 2; Quill Lake, majority 13; Jaaman, majority 142; Bladworth, majority 57; Sodely and Kroenau, majority 154; Kelsberg, majority 2; Govan, majority 52; Allan and Clara, majority 57; Went dry—Redvers, majority 35; Drinkwater, majority 15; McTaggart, majority 78; Bethune, majority 161; Lang, majority 170; Delisle, majority 13; Star City, majority 99; Pillmore, Creelman and Osage, majority for local option.

## PROVINCE WILL PROBE DISASTER

Full Investigation to Be Made Immediately Into Bellevue Mine Tragedy

**SIFTON ANSWERS O'BRIEN**  
Declares O'Brien's Mine Bill Should Not Pass Until Commission Investigates

The very fullest possible investigation is being made by the provincial authorities into the causes and conditions surrounding the mine disaster at Frank, which the horror of which the province is being daily shocked.

This information was given to legislators yesterday afternoon by Premier Sifton, in answer to a question from Chas. O'Brien, Socialist, at the opening of the house, as to what steps were being taken by the Government.

The provincial mine inspector has been despatched to the scene of the disaster, with instructions to make as full an investigation as possible, and for some days the local mine inspector had been at the mine, looking into the conditions existing in the mines.

Following this investigation, it is probable that a provincial commission will be appointed which will make thorough investigation into the conditions of the mines of the province, with a view to furnishing such technical information as will lead to amendments in the coal mines act, contemplating increased protection to underground miners.

This also was announced by Premier Sifton yesterday. He made the statement that he was not in favor of the legislature considering any bill to technically amend the coal mines act, such as the bill introduced by Mr. O'Brien, until a commission had reported to the house. He had told as much to a delegation of miners, which had waited upon him a week or two ago.

"We have been constantly in communication with the mine authorities at Frank since the disaster occurred," said the Premier, replying to Mr. O'Brien, "and the provincial mine inspector is now making investigation. The local inspector was instructed on Saturday to proceed to Bellevue to inspect the conditions of the mines, and we received word from him Monday that he had gone there. We have had no report from him since. Our provincial inspector

has instructions to make a full investigation." "It could not be possible that we could consider in the dying days of the session, a bill of such technical nature, as would be necessary to amend the coal mines act and it is my idea that a commission shall be appointed which shall go into the matter thoroughly."

**ARRESTS MAN, AIDS FAMILY**

Mounted Policeman Showed Kind Heartedness in Work He Did.

After spending a night and a day in bringing succor to the starving family of a prisoner he was sent to arrest on the charge of securing \$200 from the Canadian Bank of Commerce, and a broken-hearted mother, weakened and feeble from hunger and cold, sitting shivering by the bedside, no wood about the place to light a fire, a team of horses standing, starving before empty mangers in the barn, were some of the conditions found by the policeman.

Spending a night at the bedside of the prisoner's dying son, Corporal Marshall of the Mounted Police, in whose life the misfortune is but an incident, brought to the city barracks yesterday, T. R. McDonald, a householder of the Calgary district. McDonald's household is some miles from Calgary. Corporal Marshall met the man he was looking for, and he was taken to the barracks to the village. He read his warrant for arrest, said he was not guilty, but agreed to submit to arrest quietly, if the policeman would let him return to his family.

Marshall went with him. What he found on McDonald's household furnishes another pathetic tale for the times, these are recorded in the police books. A son dying with pneumonia.

**OPPOSE BULK SALES**

Report to Board of Trade Yesterday Says Act Will Not Be Considered This Year.

A report submitted to the board of trade yesterday afternoon, stating that the board had announced that the bulk sales act would not be considered at this session of the legislature. The Premier had stated that there was considerable opposition to the measure as framed and for this reason it would be shelved for the present at least.

Several members of the board expressed surprise at the action of the Prime Minister considering the fact that Bulk Sales Acts are now in force in British Columbia, Manitoba and Saskatchewan and working satisfactorily. The Alberta bill being similar to the one in force in the Coast provinces.

## COUNCIL WILL SEE MR. SIFTON

Decide to Utter Protest Against Short Residence Clause in Franchise Amendment

The city council last evening decided to wait upon the provincial government to a body this morning at 11 o'clock to present the views of that body regarding the proposed amendment to the city charter, which gives the tenants the right of suffrage.

T. H. Clift, secretary of the Trades Council, appeared as the spokesman of a representative delegation of that body, and explained the views of the council on the proposed amendment, stating that all they were asking for was the removal of the Householders' tax and the extension of the time limit in which a man can qualify to vote.

He pointed out that the majority of the immigration to the city was in May and June and for this reason it was not considered proper to compel a man to be in the city on the first of January, which is the date in which he is required to vote. They accepted the definition of householder as being a dwelling which has a separate door for ingress and egress.

Adelman Hyndman contended that one month's residence prior to the date of compiling the voters' list, was insufficient. It would be possible for increased parties to bring in a number of men, and then here and there the voters' list was compiled and then allow them to leave the city until election day, and then return here and there.

Adelman Hyndman contended that one month's residence prior to the date of compiling the voters' list, was insufficient. It would be possible for increased parties to bring in a number of men, and then here and there the voters' list was compiled and then allow them to leave the city until election day, and then return here and there.

David G. Letza applied for a reduction of fifty per cent, on his taxes on property which he owns in Silver Lake 20, asking the ground that the assessment was more than the property was actually worth and that there were other properties farther from the centre of the city selling at higher prices and assessed a lower figure.

The council will inform Mr. Letza that it has no power to deal with the question.

W. E. Grierson, market clerk, wrote the council regarding the statements that he had accepted money as a commission for selling goods on the market square, or rather for taking orders for goods. He pointed out that he did it merely as an accommodation to citizens who might telephone him to secure them a load of coal or wood.

The council passed a resolution exonerating Mr. Grierson from any wrong doing but condemning the practice.

F. C. Chipman, commissioner for Hudson's Bay Company, advised that the company would sell the city 27 lots near the high school for the sum of \$25,000 providing the city would erect an underground railway, costing not less than \$100,000, would be erected and agreeing that the land should be reserved for perpetuity for government purposes.

The commissioners will advise the council that the city is not prepared to agree to the latter clause and will ask that it be stricken out, after which the proposition will be reconsidered.

F. C. Pearce, secretary of the S.P.C.A., asked for a grant of \$50. It was decided to acquire into the amount of work the society is doing before making any decision.

**Want East End Bridge.**  
The secretary of the Lower Bar U.F.A. advised the city that a resolution had been passed by that association requesting the erection of an east end bridge as the present low level bridge is unsafe for traffic and is in a congested state.

It will be advised that plans are now being prepared for the new bridge in the eastern part of the city. L. Col. E. B. Edwards, of the road.

Fusslers, wrote the council asking for a further grant to be used in the purchase of direct car drivers for military men of the city who are in attendance at the provisional school of instruction. Referred to the commissioners for a report.

**Conservation Resolution.**  
In regard to the resolution introduced by AM. Hyndman, several weeks ago, memorializing the Alberta Government to take steps to conserve the water power of the province for the public benefit, it was decided to write all the towns and cities in this district requesting that each appoint a representative to wait on the provincial government.

Mayor Lee and Aldermen Hyndman and Lendy will represent the city.

An application from the New Royal Alexandra Hospital board for a grant of \$50,000 until such time as they have power to mortgage their property came up for consideration. The council decided to loan the Hospital the required amount, as soon as the requisite security could be obtained.

**Commissioners' Reports.**  
The report of the city commissioners, recommending the installation of a sterilizing plant at the power house, was approved by the council. It was understood that the fiscal expense of installation will not be more than one thousand dollars.

Commissioner Baillan announced that it would be possible to have the plant in operation within three weeks.

The commissioners reported that the new bay market was ready for occupancy and requested the council

to issue further instructions as to when dealers in coal and hay should be required to remove to the new market.

It was decided to lay the report on the table and take it up again at the new market by-law at an adjourned meeting which will be held on Friday afternoon.

Uncollectable accounts to the extent of \$16,543.44, incurred by the Isolation Hospital, were ordered written off the books of the Health department.

**THE SORROWS OF THE UNFAITHFUL**

No person can spread such woe, disaster and sorrow even to their own selves as a fickle woman, and such a one is the leading character of this magnificent Biograph subject. The scene is laid in a quaint fishing village where we find a young man and a girl, and their trials. They are both very happy, until fate interferes, it seems, to test the girl's sincerity.

One evening, whilst strolling to the shore Bill espies a raft: some distance out. With much difficulty he swims out and discovers lying prone upon it, the form of a fisherman, nearly exhausted. After careful nursing the fisherman recovers and the two boys become fast friends. It is through this friendship that Mary meets Joe, and the acquaintance soon ripens into love, until Joe learns of the engagement between Mary and his benefactor. Overcome with the horror of the situation he writes a note Mary expressing his determination to sail away on the raft. In the meantime Bill has discovered the secret affection of the two and believing Joe to be an ingrate, draws him. On learning the truth that Mary has loved him since the day of finding him, Bill is just one of the excellent films in yesterday's change of programme at Dreamland, the only house in town showing those popular masterpieces of art and photography produced by the world renowned Biograph Company.

\*\*\*\*\*  
AT THE THEATRES  
\*\*\*\*\*

**"THE LIARS"**

On Thursday and Friday this week the Edmonton Amateur Dramatic Company are presenting "The Liars," an original comedy in four acts, at the Imperial Theatre. This is a great run in London, England, some time back and is at the present time being run by Sir Charles. In the Liars, Edmonton theatre goers will have a chance of seeing a play that draws crowded houses in London.

\*\*\*\*\*  
AT THE EMPIRE  
\*\*\*\*\*

As a rule it is very hard for a theatrical company, to present a play that will please every one of the audience, there are always some that cannot be satisfied no matter how good a play is. The Partello Company since their engagement here, have had the patrons of the Empire Theatre just about right, with their selections of plays, as the present time has shown but to the present time, the play that has pleased them the most is "A Daughter of the People," as presented Monday, last night, and as will be presented this afternoon and tonight for the last time. On Saturday night only, December 17, owing to the overwhelming requests that have been received by the Empire box office, the management has decided to repeat that big New York success "The Travelling Salesman," the play that is "all wool, and a yard wide." Any one that has been reading the theatrical notes in the news papers knows what "The Travelling Salesman" causes wherever it is presented. There are sixty laughs a minute, in other words, one hundred and fifty minutes of laughs in the play. Edwin Vail, the new leading man, that has just joined the Partello will be seen in a very strong part.

**DID THE BEST SHE COULD**

"I've had a streak of bad luck this week; killed two men with my new touring car."

"Is that so unusual for you?"

"Well, no; but in this one of the men owed me a thousand dollars!"

**Had Severe Pains In His Back.**

**Could Hardly Work.**

Mr. Alfred E. Davis, Gorrie, Ont. writes:—"For some years I suffered from severe pains in my back; and could hardly work at all, and when I stooped down to pick up anything felt as if my back was breaking. I was advised to try Dr. Williams' Pink Pills, and after taking two boxes I was entirely cured, and feel that I cannot speak too highly in your favor."

"This was nearly four years ago and I still remain cured."

Those who have never been troubled with kidney trouble do not know the suffering and misery which these afflicted undergo.

Weak, lame or aching back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged.

Don't Kidney Pills are a specific for all kidney trouble, and urinary ailments.

They help the kidneys to flush out the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder, and urinary passages.

Price 50¢ per box or 3 for \$1.25, at all druggists or mailed direct on receipt of price by The T. Millott Co., Limited, Toronto, Ont.

If ordering direct specify "Donna."
